5780 - **STUDENT/PARENT RIGHTS**

The School Board recognizes that students possess not only the right to an education but the rights of citizenship as well. Federal and State law prohibit the Board from adopting any policy or rule, or from entering into any agreement, that infringes upon or waives the rights of freedoms afforded to students by the United States Constitution.

In providing students the opportunity for an education to which they are entitled, the District shall attempt to offer nurture, counsel, and custodial care appropriate to their age and maturity. The District shall, at the same time, guarantee that no student is deprived of the basic right to equal treatment and equal access to the educational program, due process, a presumption of innocence, free expression and association, and the privacy of his/her own thoughts.

Attendant to the rights guaranteed to each student, however, are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the procedures and rules of the District.

The Board realizes that as students differ in age and maturity, so they differ in ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, s/he may authorize those school matters previously handled by his/her parents, but s/he also assumes the responsibility for his/her performance in school, attendance, and compliance with school rules.

All K-12 students in Florida are entitled to a uniform, safe, secure, efficient, and high quality system of education, one that allows students the opportunity to obtain a high quality education. Parents are responsible to ready their children for school; however, neither the State of Florida nor the District can be a guarantor of any individual student's success.

Parental Access at School

Each parent has the right to pick-up, visit, and meet with his/her student at school, without interference of or the need for consent from the other parent, unless the school has received a certified copy of an enforceable court order that provides to the contrary. The principal may restrict the times, location, frequency, and length of parent visitations at school, based on legitimate pedagogical or scheduling reasons. The District will abide by enforceable "no contact orders" which have been provided to the school.

Educational Decisions

Both parents have an equal right to make decisions about the education and welfare of their student, unless the school has received a certified copy of an enforceable court order that specifies that one of the parents, or someone else, has the sole right to make educational and/or general welfare decisions for the student.

If the parents cannot agree on a significant decision about the student's education or on matters affecting the health, safety, or welfare of the student, the school will take action based on what it considers to be in the best interests of the child.

Attendance

A. Termination of Enrollment

A student who attains the age of sixteen (16) years during the school year has the right to file a formal declaration of intent to terminate school enrollment if the declaration is signed by the parent. The parent has the right to be notified by the District of its receipt of the student's declaration of intent to terminate school enrollment. (see also Policy 5130 - Withdrawal from School)

B. Married or Pregnant

Students who become or have become married or who are pregnant and parenting have the right to attend school and receive the same or equivalent educational instruction as other students. (see also Policy 5751 - Parental-Married Status of Students)

C. Compulsory Attendance

Parents of students who have attained the age of six (6) years by February 1st of any school year but who have not attained the age of sixteen (16) years must comply with the compulsory school attendance laws. Parents have the option to comply with the school attendance laws by attendance of the student in a public school; a parochial, religious, or denominational school; a private school; a home education program; or a private tutoring program. (see also Policy 5112 - Entrance Requirements and Policy 5200 - Attendance)

Title	SCHOOL VISITORS
Number	po9150
Status	Active
Adopted	September 20, 2016

9150 - **SCHOOL VISITORS**

The School Board welcomes and encourages visits to school by parents, other adult residents of the community, and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls.

The control of the school is vested in the Principal who has the ultimate responsibility for the administrative and supervision of all decisions and activities on the school campus. The Principal has the authority to prohibit the entry of any person to a school of this District or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual. The Principal also has the right to control the time of day, length of the visit, and to determine if the parent is to be accompanied.

Unauthorized presence on school premises is strictly prohibited. All visitors desiring access to school premises must first receive permission from the Principal, sign in and out at the school office, and wear a visitor's nametag while present on school premises. Persons desiring to meet with a teacher or student on school premises must arrange for an appointment through the Principal.

Parents and guardians desiring to visit their child during the school day on school premises must follow the procedures set forth above. Non-custodial parents may not remove the child from the school without the lawful consent of the custodial parent or guardian or legal authorization in the form of an order or judgment of a court of competent jurisdiction.

Observation of a teacher's class by a parent or guardian shall be allowed only after receiving the building principal's consent and providing a twenty-four (24) hour notice, unless the teacher to be observed agrees to less notice.

The Superintendent shall promulgate such administrative procedures as are necessary for the protection of students and employees of the District from disruption to the educational program or the efficient conduct of their assigned tasks.

Rules regarding entry of persons other than students, staff, and faculty upon school grounds or premises shall be posted conspicuously at or near the entrance to such grounds or premises if there are no formal entrances, and at the main entrance to each school building. In addition, the rules shall be posted in a central location in each school and made available to students, upon request.

Individual Board members who are interested in visiting schools or classrooms on an unofficial basis shall make the appropriate arrangements with the principal. In keeping with Board bylaws, such Board member visits shall not be considered to be official unless designated as such by the Board.

The Board member shall be visiting as an interested individual in a similar capacity to any parent or citizen of the community. These visits should not be considered to be inspections nor as supervisory in nature.

If, during a visit to a school or program, a Board member observes a situation or condition that causes concern, s/he should discuss the situation with the principal and with the Superintendent as soon as convenient or appropriate. Such a report or discussion shall not be considered an official one from the Board.
